## PROFILE

I am a senior going to West Jordan High School. I go to Jordan Academy for Techonology and Careers (JATC) for the second half of the day. There, I study Web Development, and I get to work with others and update websites for practice.

## EDUCATION

### 2019 - 2020

*Itineris*

I studied for half a year at Itineris. There I took a code class and learned a bit of Javascript, very little Python, and some binary code.

### 2020 - 2023

*West Jordan High School*

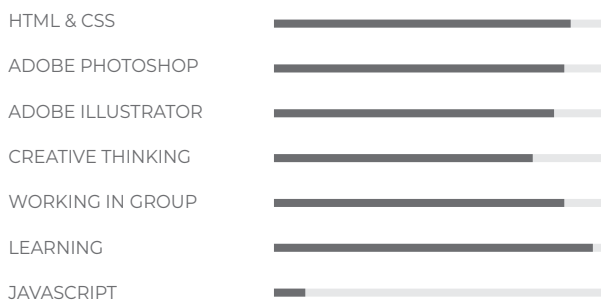

During my time at West jordan High School, I took 2 classes learning HTML, CSS, and a little Javascript.

### 2022 - 2023

*JATC - North*

At JATC I went more into depth further extending my knowledge on HTML and CSS. I am just recently learning more Javascript and a little bit of game developement using Unity.
